

HALLWAY BOWLING!

Find some empty plastic water bottles and fill the water bottles with water (doesn't matter how many water bottles you have)

Set up in a triangle at the end of a hall or against a wall, aim and bowl.

Pick a ball and start playing

HERE IS HOW TO PLAY:

Pick a number of rounds to play. (4,6 or 10 rounds)

Each turn the player gets two turns to knock down all the pins.

Each pin knocked down is worth one point.

If you knock down all the pins in one throw that's a strike and ends your turn, but your next two throws count double as part of the strike score, plus as they would for the next turn.

If you bowl a spare, knocking down all the pins using both your bowls, your next one bowl counts double.

Whoever has the highest score at the end of the rounds wins!
